MARTIN HARVIER

My name is Martin Harvier, and I've been married to Toni Harvier for 40 years now. We have five children and nine grandchildren.

I was honored to be first elected for 12 years as your

Vice-President, and then for the last four years I have carried on as your President. I feel privileged to have had the trust of the Community members throughout these years. I've always tried to be fair, even when decisions were hard. I've also done my best to be fair in the way I conducted myself in your view and to the outside public. My time has been spent in continuous work—coming in early, staying late, and traveling in my effort to represent you.

SRPMIC has been used as a positive influence for other tribes in Arizona and nationally. I've met with local and national politicians to speak on SRPMIC issues or at their request for consultation on Native issues.

This has been a rough period during the pandemic, and even more so for the families who've lost loved ones. Council is very concerned, and a COVID-19 Committee was created, in which I took part.

Housing is a priority, and we recently held groundbreakings for four upcoming housing projects in the Community.

After long negotiations with the Indian Health Service, we were finally able to open the beautiful new River People's Health Clinic.

I am proud that SRPMIC took the role in the main leadership during the gaming negotiations for our success and well-being. I met with the governor and other prominent leaders, as well as our legal teams, to discuss how we could work together, but I've always kept the SRPMIC uppermost in my mind.

I would be grateful for your vote to continue as SRPMIC President. My continued commitment is to work hard, represent the O'odham and Piipaash well, and stay attentive to Native issues and other laws that affect us.

Please vote Harvier!

RAYMOND JIMENEZ

Hi my fellow Community members, my name is Raymond Jimenez and I am 53 years young. I have been married for the past 30 years and have two beautiful daughters. I have lived

out here in the

Community for the past 22 years.

The reason I want to be president of the Salt River Pima-Maricopa Indian Community is because we need a strong leader. A leader who will help his or her Community and the people when they actually need help.

Why do I have to drive by and see our people and children living in these storage sheds in our Community, be-

cause our own leaders see and do nothing? I care and want to change the way our leaders see things, and I will make these changes and help the poor in our Community.

I want to work with our Human Resources Department to hire more Community members, and Senior Services and the Public Works Department need some improvement. It's time to move forward with change and not with the same people again in office. They have been there too long, and they tell the same old story time after time.

If you really want a leader who cares with the love in his heart, compassion and a strong mind, and is not afraid to stand up for you, the people, then your vote is with Raymond Jimenez for president. Thank you.

LEONARD RIVERS

Greetings, my name is Leonard Rivers, and I am running for SRPMIC President.

My parents are Aaron Julian Rivers and Hazel Osif-Rivers. My maternal grandparents are Jessie Miguel-Osif/Waters and

Joseph Osif. My paternal grandparents are Jenny Roberts-Rivers and William Cleaver Rivers. I come from a family of eight children. I share four children with Cheryl Fulwilder—Julian, Zack, David and Hayden—and I have five grandchildren.

I grew up in Lehi and moved to Salt River, where I currently reside. I grew up playing sports representing the Community, and later I coached Community children in T-ball, baseball and basketball.

I worked for the Bureau of Indian Affairs for 14 years and for various Community departments such as the Tribal Court, Public Works and Transportation. I served as an SRPMIC Council member for six years and Vice-President for four years.

I am running for SRPMIC President because I believe that it is a pivotal time, and it is essential that every decision concerning our Community is made in consideration of preserving our culture, land and other resources for future generations. I believe that our Community government should first and foremost address the needs of our people, such as providing gainful employment opportunities, providing adequate housing,

ensuring safe neighborhoods and promoting healthy lifestyles. Here are some of my goals for the next four years:

- Ensuring that all tribal employment positions are filled by qualified Community members and that all employment selections are consistent with Community-member preference and the Underfill policy.
- Ensuring that quality childcare is available for all children, which allows parents and other caregivers the opportunity to pursue education or to work.
- Ensuring that affordable housing opportunities are available for all Community members.
- Ensuring that the tribal government is accountable by requiring data-driven decision-making, prioritized by Community member input, and independent audits/assessments/evaluations of all our enterprises and departments. Every department must have written policies and procedures, and these should be made available to the Community membership.
- Exploring ways to make the casinos more profitable to increase the per capita payouts.
- Putting more money into the higher education scholarship program and assessing the need for increasing the number of hours for educational leave.
- Requiring more protections and management of our Community's natural resources.
- Ensuring that the SRPMIC government is transparent and accountable in all its activities.
- Believe In A Better Future, VOTE Leonard Rivers for SRPMIC President. I have the courage to do what is right for the Community.

GABRIEL SCABBY

I would like to introduce myself, my name is Gabriel Scabby. My maternal Grandparents are Beverly and Paul Smith and my paternal Grandparents are Robert and Mary Scabby.

My parents are Deanna Scabby and the late, Robert Scabby, Jr.

I am running for the Office of the President of the Salt River Pima-Maricopa Indian Community and I would like your support.

I currently have a career in Public Safety & Health and have been of service to the community for 21 years as a Firefighter, EMT-B and Special Operations Team member. I have been on the ground working directly with the community in their most crucial times of need. My career has helped me see the community in a very unique and personal way. Being of service has taught me many things and I would like to share my experiences and continue my service to the community by serving in office.

In addition to being passionate about protecting the families of the community I would like to bring to the forefront the topics of Housing and would like to see more paths and options to Homeownership.

I would like to bring up the topics of working on a 3rd Casino, seeing to the promotion of a first-ever Woman Community Manager and focusing on a "Community First" agenda.

Healthcare and Fitness are of great importance and I support and promote a healthy lifestyle as well as Youth programs getting the next generation ready for the future.

I would also support Public Safety /Fire, EMS, Wild land, Police & 1st responders, so they can better serve the community.

Also, a priority of mine is Veteran mental and physical health care as well as a Community Senior Services assisted care building.

These are just a few topics among many others I would like to address. I am looking forward to meeting, listening and hearing your voice this upcoming election. Thank you for your support.

ANDREW DAVID ANTONE

This statement reflects the key elements, views and concerns as described in my 2014 written statement for my election to Council in the 2014-2018 term. Today I practice and

our members.

In our history the ultimate goal was to have members lead this Community and serve as directors and managers in every department. Realistically, that hasn't happened—not now and not in the past. We lack the true nature of self-governance, because we allow, without accountability, implementation of foreign or individual business or personal standards and practices that benefit, in my opinion, those who created them. This needs to stop. There has to be practical accountability through elected leadership and the Tribal Council to the Community.

We as the O'odham and Piipaash have the ability to govern ourselves and to make the best decisions, relying on our wisdom, experience, education and our own history. My past tribal employment of over 20 years, my education and my experience in government and as a Council member prepare me for the office of vice-president.

I ask for your support in the primary and general elections in 2022.

follow those same principles.

As a current 2020-2024 term Council member, I have practiced transparency in government. I've addressed individual rights in employment and the right of tribal members to voice their opinions in private and open forums. I've aided members in their personal issues and complaints regarding government services. Our government's foremost responsibility is the concerns and issues of members, being accountable to serve your needs, while also creating revenue streams to fund our government for our benefit and to create employment for

WI-BWA GREY

My name is Wi-Bwa Grey, and I am running for vice-president of the Salt River Pima-Maricopa Indian Community.

I am the daughter of Little Fawn and Gerard Loring.

My father is Thomas Mann, and my paternal grandmother is Alva Gates. My maternal grandparents are the late Herman and Eunice Santeo/Grey.

I have served on the Tribal Council for the past four and a half years. It has been a great learning experience, and I want to say thank you to all the leaders, present and past, for taking time to mentor me.

While serving with my fellow Council members, I have advocated and moved forward with the following needs in our Community:

1. More housing in our Community. We just broke ground on four projects:
 - * The expansion of six new units in Lonely Cactus.
 - * 14 new units of the PALS housing for young adults.
 - * 18 Mesquite Trails rentals for residents with any level of income.
 - * 31 units for transitional/temporary/emergency housing. We know we still need more, so this will be a continuous effort.

2. After more than 11 years, the tribe has now adopted the Violence Against Women Act (VAWA), which means non-Community members can now be prosecuted in our court for their crimes on our land.
3. The adoption of May 5 as Missing and Murdered Indigenous Peoples Day. I have also requested that all cases in our Community be reopened and re-examined, so as not to forget those who are still missing.
4. Sustained the funding coming in for the River People Health Center.
5. Advocated for a sober living home for Community members to reside in after accomplishing their sobriety.
6. Supported the wellbriety programs such as the Red Road Talking Circles.

We still need to work on the re-entry program for our incarcerated, which would include housing, and the revamping of the Salt River Schools, including the reopening of the high school.

I would appreciate your vote on July 26 because I believe it is time for a new generation of leadership. I believe in serving our people, no matter what your background is. I am open minded and like to learn about your ideas and concerns. I am solution minded, a decision-maker, and I believe in transparency. My strongest belief is looking out for our future while learning from the past. Thank you.

RICARDO LEONARD

Samai Masma, my name is Ricardo Juan Leonard but everyone calls me "Brusha." I am running for a second term as Vice-President of the SRPMIC.

I am the son of Louella B. Leonard

*bot and brother to Vickie (Leonard) Andrews, Anthony Leonard *bot and Terrance Leonard *bot. I am married to Annette (Manuel) Leonard and have five children: Bowie, Jason *bot, Alyssa, Mavi and Ariana. I am a proud grandpa of two grandsons, Amias and Selby; two granddaughters, Deziray and Jayna; and one great-granddaughter, Adalynn.

My education includes a GED and two years at Scottsdale Community College studying American Indian Policy and Law.

I currently serve on the Saddleback/ReInvent Communications Board, the 12% Committee, Tempe Desert Conservation Commission and the SRPMIC Audit Committee. I am also a Council Representative for the Native American Graves Protection and Repatriation Act, the U.S. Interior Department Secretary's Tribal Advisory Committee, and the Facilities Appropriation Advisory Board for the Phoenix-area Indian Health Service.

I am a 30-year life member and past commander of American Legion Post #114 Bushmasters, having served four years in the U.S. Army stationed

in Garlstedt, Germany and Ft. Hood, Texas. I continue to be involved as a member of the Post.

I speak the O'odham Niok and have been honored to learn the songs of the Onk Akimel O'odham from elders in our Community and the Gila River Indian Community. I am a traditional singer, having taken part in coming-of-age ceremonies for many young women in Salt River, Gila River and the Tohono O'odham Nation. Since 1995, I have been the traditional lead singer and advisor to the youth who participate in the SRPMIC Traditional Dance Group and others who seek guidance to this day.

I plan to continue addressing important issues, such as education for our youth and young adults, improved housing availability for Community members, and facilitating a new building for Journey to Recovery-Detox, to name a few. I will continue to communicate with the Community and as always listen to all concerns and issues from fellow Community members and others.

For the past 24 years on Council, I have made decisions with the youth of our Community in mind. I will continue to show respect to all and uphold the Constitution to the best of my ability, morally and ethically. Above all, the traditional teachings from my elders will continue to guide my thoughts and actions so we as a Community never lose sight of our O'odham and Piipaash ways of life.

"Influenced by Elders, Inspired by Youth, Led by Tradition"

DARREN MANUEL

My name is Darren Manuel, and I am the son of Rudy and Lorraine Manuel. My wife Tammy Manuel and I have raised our two kids in our Community over the last 21 years. It has

been a privilege to see our "little" Community grow materially and economically.

Our growth has resulted in many blessings for our people. Our growth has also resulted in a greater separation from families and neighbors. I believe that returning to our traditional family and cultural values will unify and strengthen us for the struggles to come.

Unity comes from trust. Council, as a whole, must earn the trust of Com-

munity members by making decisions that benefit the majority of Community members.

In turn, Community members must trust Council to make well-researched, wise decisions. This cannot be accomplished by individuals; this only can be accomplished by working together. Working together, giving of ourselves, can inspire us to work harder. Working together means all successes are shared.

As your Vice-President, the only promise I can make is that all discussions will be well rounded. Positive and negative aspects will be defined and examined carefully. Resolutions will be focused on our family values and rooted in our cultural traditions.

I will end my statement with a quote that has stuck in my brain through the years from H. Jackson Brown Jr. "Remember that the happiest people are not those getting more, but those giving more."

KENT ANDREWS

My name is Kent Andrews, and I am running for Salt River Council. I am the last remaining son of Dayton Andrews and Josephine French. I grew up here in Salt River, living here most of my life.

I am currently retired from a career that spanned almost 45 years.

My career consists of 20 years working for an environmental and water resources engineering/consulting firm. While employed in Salt River, I worked for five years for Engineering & Construction Services and 18 years with Executive Administration, serving as Assistant Community Manager.

I feel that my professional and personal experience will be of benefit in fulfilling the duties of Council. More specifically, I am familiar with the government structure and the responsibilities and programs of each department. I have institutional knowledge of past Community projects, initiatives, strategic plans and emergency response efforts.

I have a common-sense approach to solving problems and always consider the big picture and the Community at large. I try to not act on emotion during the decision-making process, but I possess the compassion to do the right thing when needed.

Based on my common-sense approach, the promise of major change is not an initial consideration. If there is one area of focus, I would like to review the activities of Council, both as a body and as individuals. In my 18 years as Assistant Community Manager, I have observed activity by Council members that I consider not in the best interest of the organization. It is my opinion that this Community needs a written public document that clarifies the way Council operates daily. With consideration given to leadership accountability, all options should be considered and all implications studied.

While I consider the above task important, it is also important to acknowledge our leadership and staff in getting us through the COVID-19 pandemic. Understandably, perfect decisions were hard to come by, but leadership did the best they could considering the circumstances.

I am a proud citizen of this Community. My health and family are especially important to me. I have been married 43 years, and I have three children and seven grandchildren. I participate in many Community programs and have coached youth basketball for years. I have fond memories of my family's music tradition, playing with the Salt River Band and 40 years with the Red Express Band.

Thank you in advance for your vote and support.

JACOB BUTLER

My name is Jacob Butler. As a principle, I believe being of service to others is one of the single greatest qualities to strive for in life. I love the work that I do. Had I not been asked to stand for election,

I would have happily continued in my role as the Community Garden Coordinator for the Cultural Resources Department—a department I've worked in for 20 years.

During my time with CRD, I have consulted with many federal, state and local agencies in an effort to effect change in the ancestral lands of our people. I've supported representation of indigenous people, specifically the O'odham and Piipaash, through my nonprofit board positions and as an artist.

I am confident that I possess the characteristics that are vital to this position. I stand by my word, I am not afraid to speak up when I don't agree with what is happening, and I do not react emotionally when there are differences of opinion. Further, I am willing to listen to all perspectives and points of view.

When debating an issue, I present my position clearly and concisely, all the while being conscientious about remaining open to valid counterpoints. When merited by fact, I concede my argument.

I do not align myself with any specific group or special-interest organization. I feel it is important to listen to the concerns of all Community members, regardless of where those concerns originate. I believe listening is key to understanding the needs of our people.

I understand the importance of consensus. Decisions are made by the majority of the Council, not any one individual. I pledge to speak up for the residents of District I and will endeavor to form decisions that are well vetted and the best possible options for all.

While I cannot promise change, I can promise I will be a voice for it as long as I am serving. If elected, I promise to offer suggestions; complaints without solutions bring no change.

If elected, my focus will be to find a balance—a balance between heritage and progress. We cannot move forward if doing so means losing our languages and cultures, the two key factors integral to our sovereignty.

Thank you for choosing to participate in the electoral process. I humbly ask for your vote for the position of District I representative.

JAMES BUTLER, SR.

To all my fellow Community members, I am James Butler, a biological descendant of an original Salt River allottee of our Community. I am running for Council for District I (Salt River), and I

am thankful for this opportunity.

My reason for accepting the nomination is that I have worked within the Community and for my fellow Community members for more than 35 years, and I have seen many changes, both good and bad. At present it seems that our Community's public services are getting smaller and less concerned with members' needs and well-being. For these and many more reasons, I truly believe that change is at hand. We need it to be positive change, so we all need to make a unified front by voting in new Council members.

With your vote I will work for these positive changes that can benefit the total Community members and not just a small group of the powers that be at present.

For the past 35 years, I have educated myself to be more than qualified to serve my district. I have worked in various areas including program director, staff supervisor, grants and contracts writer, data coordinator supervisor and program developer. I have earned a certificate in tribal management and have 54 credits remaining for a B.S. degree in middle management. I have a degree in tribal management from Scottsdale Community College. In addition, I was a trainer at the BIA police academy in Roswell, New Mexico, and Marana, Arizona.

We must work together as a Community, for the Community, in order to preserve and save the Community's sovereignty for the future generations.

To support positive change, I am asking for your vote in the upcoming general election and to be your positive choice on the Community Council.

Thank you all.

ođ Michael Carlos bađ. Eñ gaga'a ođ Angelita Carlos bađ. Eñ vosk ođ Frederick Carlos bađ.

My name is Mikah Carlos, and I am honored to have the opportunity to run for a seat on the SRPMIC Tribal Council for District I.

I have been preparing to pursue this role since my time as a youth on the Young River People's Council, where our Council successfully implemented the "No Texting While Driving" ordinance that currently exists in the Community. I also had the opportunity to serve as an ambassador for the Community when I served as Miss Salt River 2017-2018. As Miss Salt River, I gained a greater understanding of our culture and history as a Community, and I grew in my ability to be an advocate on behalf of our people.

In 2016-2018 I served as co-president of the National Congress of American Indians Youth Commission. My work on the NCAI Youth Commission allowed me to learn how to

navigate federal policy, advocating on behalf of tribal communities, and most importantly it allowed me to advocate on behalf of Native youth throughout Indian Country. I continued my work for Native youth as the chairwoman for the Center for Native American Youth Advisory Board, and this opportunity helped me gain experience in protecting voting rights, advocating for more resources for Indian Country for substance use prevention and recovery, as well as advocating for mental health resources grounded in culture for our youth.

I graduated from Arizona State University with a B.S. degree in American Indian Studies with a concentration in tribal legal policy, community and economic development. My minor was in psychology. After graduation, I was fortunate to come work for the Community on substance use prevention for youth. I now serve as Assistant Director for Youth Services, and it is my goal to incorporate as many cultural activities as possible with the youth to implement protective factors and build strong, healthy youth who will continue to help this Community grow. If elected to Council, I would continue to do the work to provide resources for substance abuse prevention and harm reduction, education and career opportunities for our people, and I would continue to advocate for the best interest of our people.

CHERYL DOKA

Hello, my name is Cheryl Doka. I come from the Collins family. My mother is Rebecca Collins and my father is Frederick Doka Jr. I was born and raised here in the Salt River Pima-Maricopa

If I'm given the opportunity to serve the Community for another term, I would like to continue to focus on more housing opportunities; education, drug prevention, employment or training opportunities; and public safety. A new issue I strongly feel needs more attention is services for behavioral/mental health. The pandemic revealed an increase in people experiencing loneliness, anxiety, and PTSD. There has also been an increase—not just here in the Community but nationwide—in domestic violence, child abuse, addiction and suicide. I would like to let the Community members know that it's okay to not be okay, and I will work to have resources available to help them.

I will continue to make it a point to be visible in the Community, listen to the Community members and always make time for them. In a leadership position, I feel attending various Community events for the youth, elders, veterans, departments and enterprises is very important. It lets them know their important, appreciated, and supported by the community.

In closing, I would like to take the time to express my sincere appreciation to the Community for allowing me to serve for the last three and a half years as your Council Representative. Thank you for instilling your faith in me and allowing me to be your voice.

Authentic, Fair and Consistent Leadership.

Indian Community, right next to the ballfield, and I still reside in the area today. My education consists of a Bachelors in Business with a minor in Human Resource and a Master's in Business Administration with an Emphasis in Management.

In the previous election I stated that I would like to focus on the Community's internal issues and the people's needs and slow down the development here in the Community. I was pleased to be part of a team that felt the same. The pandemic caused a shift in everyone's lives, but it gave us as a Community the opportunity to come together and support one another. It also allowed Council the time to focus on critical issues such as housing, healthcare, addiction, employment and communication. Most importantly, Council worked to ensure that the Community members were safe, secure and received the services that were needed.

DIANE ENOS

On Akimel O'odham gewkdag,

My name is Diane Enos. My parents, the late Naomi and Johnson Enos, and our grandparents, great-grandparents and so on were all On Akimel O'odham

and lived here on our land way back, through many changes. I am a product of our family and our people. I attended Salt River Day School, then Westwood High School and universities, including law school. I have heard many stories about our grandmother, who saw mil:gan for the first time as a young girl while out gathering wood, and even our father's repetition of the battle with the Yumans, as told to him. It is with the greatest respect for our history that I feel we must always prepare for our future, as individuals and as a people. The future is tomorrow and it is generations down our road as well.

We are, and always will be, seeing challenges to our land, our families, our government and our existence. Above all else, we must keep on believing in our children, ourselves and our gewkdag to hold onto who we are as O'odham and Piipaash (O'bab) first and foremost. Yes, it is up to us as families, but a courageous tribal government that respects and supports our ways, our himdag, can be so helpful. We will always need a strong Council to watch out for our land, our tribal sovereignty, our people's future and all good opportunities. We are fortunate to have many talented employees here to help us, but it is our job to lead our Community and to be accountable in doing so.

I am asking for your very important vote for me for Council, as I am dedicated to what I just described, and to our Community. I have always kept the only promise I ever made, and that is to do the very best that I can. Thank you! Sa pe!

SU:K FULWILDER

Skeg Tas, ani an ap chugik Su:k Chu:vak Fulwilder. I am the daughter of Meldon Fulwilder and Marie Paul. My paternal grandparents are Russell Fulwilder and Angelita Manuel Fulwilder.

My maternal grandparents are Marion James (Peterson) and Frank Paul Jr. I have five children and one grandchild. I am Onk Akimel O'odham, Xalchidom Piipaash, Pomo, Tlingit and Aleut. I have been raised in O'odham Himdag and honor my heritage. I grew up within the Community, surrounded by family. In my youth, I resided in Lehi; as an adult, I lived and raised my children in Salt River.

My maternal grandparents are Marion James (Peterson) and Frank Paul Jr. I have five children and one grandchild.

I am Onk Akimel O'odham, Xalchidom Piipaash, Pomo, Tlingit and Aleut. I have been raised in O'odham Himdag and honor my heritage. I grew up within the Community, surrounded by family. In my youth, I resided in Lehi; as an adult, I lived and raised my children in Salt River.

Upon graduating from Desert Eagle Secondary School in 1998, I entered the workforce as a teacher's aide. I pursued higher education at Scottsdale Community College and obtained an A.A. degree in 2006. In 2008, I began my career at On Auk Mor Trade Center. I started as a cashier, and after six years of service, I was promoted to my current accounting position in accounts payable.

I am a Community member who has lived and experienced all that the Com-

munity has to offer, the good and bad. My personal background and experience as a youth, student and matriarch allow me to relate to the Community members. As a youth, I struggled with depression, addiction and coping with the many deaths in the Community. As a young adult, I endured and survived domestic violence. I have had to break cycles of colonization and balance, living in two worlds. Many of our Community members are afflicted with the same issues, resulting in numerous deaths due to substance abuse and suicide.

It has always been my goal to help my people. Because of my background, I would like to focus on mental health. Improvement will be made by creating programming that is unique to our situations as O'odham and Piipaash and creating a network of care for individuals and families from womb to elder. Practicing crossover of services and lifelong follow-up will ensure that all Community members will have the support system that is needed to improve their mental health. It is crucial for Council, community managers and governmental departments to find common ground—to work together—for the betterment of our people for generations to come.

I am ready to step up and do my part. Thank you for this opportunity to serve the Community.

ARCHIE KASHOYA

Hello and Blessing to you, the Onk Akimol People,

My name is Archie Kashoya, and I am O'othum and Hopi. My parents are the late Josephine Manuel and the late Harold

Kashoya Sr. My maternal grandparents are the late Ruth Burton Manuel and the late Joseph Gibson Manuel. My paternal grandparents are the late Anna Ruth Juan Rivers, my O'othum Vosk William Rivers Sr. and the late Archie Cashoya.

I was born and raised in Salt River and have lived here all my life. I am honored to accept the nomination for Council Representative. I look forward to the days ahead with a full and grateful heart. My quest always has been and always will be the same: to serve the Community and to devote my efforts to the safety and wellness of the O'othum people.

Historically and generationally, it hasn't been an easy road for us as a people. In the recent years, we have been shaken by the loss of our precious loved ones. Our families and extended families have expressed to me their growing fears and concerns over housing, finances, labor and education. They believe our best years are behind us. But I say that our best is still ahead. I believe that we have come through this time of being tempered in the fire stronger and more aware of what truly matters. We've had to adapt, come together and lean on each other for support.

It is never too late to honor and strengthen our families, our Community, our traditions, our culture and our customs. It is important that we come together, ready and willing to face these challenges head on, in hopes that we may heal and mend things for the generations to come.

As O'othum people, it is your right to decide who will best serve in a Council seat. To serve you as Council representative for the next four years, I humbly and respectfully ask for your vote.

HENRY OSIF

I am excited to be able to take this opportunity as part of the Salt River Pima-Maricopa Indian Community's electoral process. My name is Henry Osif, son of the late Elizabeth Osif-Abel and the late Antonio French. My immediate family consists of Lori Stevens, Curtis, Christian and Adrian Lopez, but I also am surrounded by my loving extended family, elders, cousins and friends. As a family we have had many challenges, and these challenges have strengthened us and taught us various life lessons, one being to always move forward and be resilient to change.

I completed an A.S. degree in business from Scottsdale Community College and then went on to obtain my B.S. in public administration, where I gained additional insight into government policy, how to manage and organize administratively, as well as the administrative roles in government policy. My education and years of experience have helped me through situations such as meeting expectations in management roles, following various policies, and even setting policy for betterment of ser-

vices to align with organizational goals set for the departments and services they provide to the Community members, residents and visitors.

I've been employed with the Community for a combined 20 years, as I climb my career ladder in public service, I have been able to utilize my degree in public administration through Northern Arizona University, gaining a great deal of hands-on knowledge and experience as a public servant: taking on challenges; reading, following and upholding many policies; and mastering the time management variables that take place in public service, which is very different than the private sector. In 2015 I was appointed to the Education Board by our Council and still a part of the board, which has also played a big part in the way I strive to be at my best.

I now feel that I am ready for the next level as a Tribal Council member for the Community. I want to continue my service as a leader to uphold and strengthen the health and welfare of the Community, to help advance new ways to become sustainable, and to share in the planning of our economic growth. My hope is to be your newly elected Council member, one you will trust and follow as we grow, I will do my best to promote best practices and share in the responsibility of strengthening the Community, our members and the services we provide.

Thank you all for your support.

SERENA PADILLA

My name is Serena Rena Goodwin Padilla, and I am the daughter of the late Juan M. Padilla and Ruth M. Goodwin. My maternal grandparents are William M. Goodwin and Nellie Morgan

Goodwin, and my paternal grandparents are Thomas Morgan and Mattie Taylor Morgan. I have four adult children, 15 grandchildren and 28 great-grandchildren.

The reason I am running for a Council seat is because of the issues in the Community at large. At this time I am retired, but I still help those who request direction and knowledge in finding resources to address their needs on and off the Community. I have worked in the Salt River Community for more than 15 years. I have lived here to see a lot of changes, and I've participated by standing up for our Community.

I worked for Salt River from 1979 to 1982 at the detox trailer called the Local Alcohol Reception Center (LARC), then I went to Gila River and worked for the Gila River Alcohol and Drug Abuse Program for 10 years as a Certified

International Therapist. I then returned home to the SRPMIC in 1994. First I worked with the Youth Services Program, then as a Substance Abuse Therapist for Behavioral Health Services, at which time I and others implemented the Cultural and Traditional aspect to the Intensive Outpatient Program (IOP) for adults and youth.

I served on the Senior and Disabled Community Advisory Committee (SDAC) for more than nine years. I have concerns regarding who had the right to dissolve that committee and how the remaining money was spent with no active committee.

I also have concerns regarding our youth homes that are not all being used for our youth in Social Services, as well as the safety of our children in the Community with strangers parking on the side of the road and the traffic going through the Community with no police around to be seen.

I do have concerns about our young adults having affordable housing in our Community. Then there are the free giveaways—they should always be given to the Tribal Community members first, then to the employees.

I feel I can do the job and would be honored to serve as a Council Member to represent our Community at large.

Be sure to vote—Your Vote Counts.

MIKE VILLALPANDO

My name is Mike Villalpando, and I am a lifelong resident of the Salt River Pima-Maricopa Indian Community. My parents are Gretta Federico and the late Amador Villalpando; my maternal

grandparents are the late Benjamin and Cecelia Collins. I have been married to my wife, Patricia, for 42 years, and we have three children, 14 grandchildren and seven great-grandchildren, with another great-grandson on the way. Included as my grandchildren are three of my nieces and a foster son for whom we became guardians through the SRPMIC Foster Care Program.

I am currently an employee of the Community, working for Engineering and Construction Services. I work on special project insurance claims, Social Services home renovations and/or safety issues to help bring kids home, and other projects sent down from Administration. I have worked for this program for the past 18 years, and I have seen how the Community and the tribal government have grown, as well as all of our departments.

I am running for the Council seat of Salt River District I. I believe I can make a difference in our Community government. Here are just a few of my concerns and concerns of Community members, employees and families.

- More group homes and/or foster parents within our Community for our foster kids.
 - Drug and alcohol abuse rehab centers for adults and juveniles. Halfway housing for the parents who are working towards reunification with their children.
 - Expanded housing for all Community members and alternative solutions for those who do not meet the qualifications.
 - Employment of our Community members who qualify with degrees and/or certificates. They should be working for the Community.
 - A day rehab center for our seniors who need assistance with daily activities. This would help those who have had strokes or other illnesses associate with other Community members and not be cooped up at home.
- These are just some of the things that I think need to be addressed. I know that if I am elected to a Council seat, I will be able to represent and help the Community government with concerns and issues for the Community members and employees in all these areas.
- Thank you.

DISTRICT II - LEHI CANDIDATES

SPECIAL NOTICE TO DISTRICT II (LEHI) VOTERS

For the 2022 General Election, there are (2) TWO certified candidates for the District II (Lehi) Council Member race: Carla Banuelos and Michael Dallas, Sr. Per SRPMIC Code, Chapter 3, Section 3-6, (2) (b), "if the number of certified candidates running for the office of Council Member meet or are under the

amount listed", a Primary will not be held [for District II (Lehi) Council Member], voters will only vote for a President and Vice-President. For the General Election, the District II (Lehi) voters will again vote for a President and Vice President, AND also vote for (1) District II (Lehi) Council Member. Additionally,

during the General Election, District II (Lehi) voters will have the opportunity to write-in a candidate. For questions, call the Council Secretary Office at (480) 362-7466/7465.

CARLA BANUELOS

My name is Carla J. Banuelos, and I am a proud Pi-pipaash woman. I am interested in serving as the SRPMIC Tribal Council candidate to represent Lehi (District II).

I am the daughter of the late Laurretta Gates and the granddaughter of the late Ike and Sienna Gates of Lehi. As in our culture, I was raised by my mom, all of my loving aunts and our one uncle. All of them were very hard workers, and I was very grateful to learn the value of hard work and dedication so early. I was also glad to have those experiences of being connected to our Community, our land and what it takes to be committed to our Community. I have 10 siblings, and I fall right in the middle. I am blessed with three children and one beautiful granddaughter. Being raised in a large family, I have always appreciated the strong family values and connections that our Community has.

I currently serve as an Assistant Community Manager and have served in this capacity for approximately 18 years. Previous positions I held were as a Defense Advocate and then I was appointed by the Council as a Civil Court judge. Having these positions and experiences provided me the skills and ability to be a positive contributing Council Representative if elected. I've accepted my nomination with the hope of being a part of our Community's

continued progression and growth. I have always recognized what an honor it is to serve as an elected official.

I see many areas our Community can continue to focus on, and I will be committed to helping the residents of Lehi and the Community as whole to the best of my ability. I will make every effort to ensure our Community has access to more resources, and I commit to holding myself accountable.

If elected, I will recommend to the Council that we dust off the Council Code of Conduct and Ethics document and implement it. This document was drafted back in 2015 and has never been implemented. Accountability to the people should be the highest priority for every elected Council Member. I believe in communicating with our Community members, that it should be a two-way dialogue. The Council serves the people of the Community, and our people should contribute and guide the direction and future of our Community. One of the main issues I see is affordable housing, especially for young families just trying to start out. We should be proactive in supporting those who are working hard to make a good life for themselves and their families. I also believe in service accessibility and support, especially with rising inflation, and I want to continue to support ways we can help our membership through these tough economic times.

There are so many projects, tasks and important topics that should be considered by the Council, and I would like to be a part of getting these issues to the table and executed.

I look forward to hearing your thoughts in future interactions. Thank you.

MICHAEL DALLAS, SR.

Hello, my name is Michael Dallas Sr. I want to thank the people of our Community for allowing me to serve as Lehi District Representative on the SRPMIC Council for the past years.

During the last two years we have experienced a worldwide COVID-19 pandemic, which had a tremendous impact on us as indigenous people. This significant event created a shift in our daily lives and has changed our perspective on our families and Community.

This unforgettable event will be memorialized in our history as we begin

to persevere. It is evident that the core foundation of our Community must remain strong and rooted for our future generations.

It would be an honor to continue in serving as your Lehi District Representative for another term.

God Bless,

Michael Dallas Sr.

ARTICLE V. VIOLATIONS OF ELECTION PROCESS

Sec. 3-142. Purpose.

The purpose of this article is to uphold and ensure the fairness and integrity of the Community election process.

Sec. 3-143. Non-Partisan Government.

Non-partisan government. It is the public policy of the Community that government programs be administered in an unbiased manner and without favoritism for or against any political candidate, party or group in order to promote public confidence in government, governmental integrity and the efficient delivery of governmental services and to ensure that all employees are free from any express or implied requirement or any political or other pressure of any kind to engage or not engage in any political campaigning activity. Toward this end, any person or entity charged with the interpretation of this article shall take into account the policy of this article and shall construe any of its provisions accordingly.

Sec. 3-144. Campaign costs.

Candidates and their supporters shall provide for the expenses of their own campaigns and events.

Sec. 3-145. Applicability.

This article shall apply to all Community elections overseen by the Community election board.

(Code 1981, § 3-12(b); Code 2012, § 3-12(b); Ord. No. SRO-313-06, 6-28-2006; Ord. No. SRO-402-2012, § 3-12(b), 5-30-2012)

Sec. 3-146. Candidate forum responsibility.

Candidate forums are the responsibility of the Community relations departments and these forums are not under the management or oversight of the election board.

Sec. 3-147. Permissible conduct.

The following acts are not considered to be violations of this article:

- (1) Providing transportation to the voting polls for any voter;
- (2) Providing food, campaign literature or items of nominal value at a political rally or gathering on any date preceding election day, so long as the rally is open to the public;
- (3) Providing food, campaign literature or items of nominal value at a designated political campaign demonstration area on the day of an election so long as such food or literature is open to all and is not forced upon or denied to any person;
- (4) Making any campaign promise that does not conflict with section 3-121(d), or violate any law of the Community; or
- (5) Use of Community buildings to hold campaign meetings or rallies, in accordance with tribal building and administrative procedures.

Sec. 3-148. Violation of election process.

It is a civil offense for any individual or group of individuals to knowingly attempt to circumvent any Community election or voting rule, requirement, regulation, procedure or law as set forth in this Community Code of Ordinances, regulations and/or election board guidelines or procedures.

Sec. 3-149. Violations by actions of candidates or issue supporters.

- (a) Coercion of voter/supporter. It is a civil offense to use or to threaten force, or request another person to use or threaten force, in order to influence any person's vote in any election, to prevent any person from voting in any election or to influence a person to sign an initiative, recall or Constitutional amendment petition.
- (b) False statements/misrepresentation. It is a civil offense to knowingly by act or omission provide election board officials with false information that is relied upon to certify a candidate's eligibility to be a candidate in the Community election process.
- (c) Interference with or corruption of election official. It is a civil offense for any person to offer or give a bribe to any member of the election board, or to influence or attempt to influence any such officers in the performance of their official duties by means of force or threats or promises of any nature.
- (d) Bribery of voter. It is a civil offense to give or promise money, position of employment, business opportunity, or any other thing of value that exceeds \$10.00 to any person to vote or refrain from voting at any Community election or to vote or refrain from voting for any particular candidate or issue at any Community election for any of the following reasons:
 - (1) For the purpose of influencing a person's vote;
 - (2) With the intent that any part of the money or thing of value be used for bribery in connection with an election; or
 - (3) Knowingly giving or promising as reimbursement for money or thing of value expended in whole or in part for bribery at any Community election.
- (e) Intimidation of Community member employees by employer. It is a civil offense for any employer to:
 - (1) Threaten any employee with dismissal from employment, reduction of pay, loss of seniority, transfer, or less favorable working conditions, for the purpose of influencing the employee to vote or refrain from voting for any particular person or issue, in any Community election; or
 - (2) Prohibit or attempt to prohibit, limit or restrict the political activities of any Community member employee beyond the scope of applicable Community administrative policies, law or regulations.

For the purposes of this subsection, the term "employee" means any person, association of persons or agent of such person or persons who acts in a supervisory capacity, including but not limited to Community government officials, Community enterprise officials, independent contractors, corporation officials, or other business officials operating within the SRPMIC boundary employing one or more Community members or engaging their services under contract.

(f) Campaigning in and around the workplace during Community business hours, except for Community schools. It is a civil offense for any person to solicit votes, signatures, campaign contributions or participate in election campaigning activities within and directly outside of any Community government, division or enterprise building which serves as a workplace during the business hours of that particular government department, division or enterprise.

(g) Use of Community property for election campaigning. It shall be a civil offense for any person to use Community property, including but not limited to Community photocopiers, fax machines, computers, vehicles, and other property to advocate for or against a Community election candidate or a Community recall, initiative or Constitutional campaign.

(h) Campaigning in and around Community school buildings and campus. It is a civil offense for a person to solicit votes, signatures, campaign contributions or participate in election campaigning activities in or around a Community education building or school campus unless they are participating at an official Community administered election forum. This provision does not apply to student council election activities or other official school activities.

Sec. 3-150. Violations by action of election officers.

It is a civil offense for any member of the Community election board to knowingly and willfully fail or neglect any duty under any part of this article in any manner prescribed by this article or to accept any money or other thing of value from any candidate or from anyone acting or purporting to act on behalf of any candidate.

Sec. 3-151. Violations by voters.

It shall be a civil offense:

- (1) For any person who does not possess the qualifications for voter eligibility to knowingly vote in a Community election.
- (2) For any person to vote more than once in any Community election.
- (3) For any voter to knowingly vote in any district except the district to which the person has been assigned or declared and is officially recorded with the Community enrollment office.

(4) For any person who is a member of any other tribe other than or in addition to the Community to vote in a Community election.

(5) For any person to tamper with or alter in any way any election ballots, voting machines, tallies, voting materials, or any other compilations of summaries, or totals of voting results by destroying, defacing, writing on, changing marks or totals on any such ballots or voting materials or results.

Sec. 3-152. Penalties.

Civil penalties. Any person who is found guilty of a provision in this article maybe fined an amount not to exceed \$5,000.00 per civil offense.

Sec. 3-153. Reported incidents.

Any alleged violations of this article must be reported to either the election board or the Community police department for investigation as soon as reasonably possible.

Sec. 3-154. Violators prohibited from holding office.

Any person who has been elected, upon having been found to violate a provision of this article, shall be immediately removed from his or her elected office pursuant to article IX, section 1 of the Community Constitution.

C E R T I F I C A T I O N

This Ordinance is hereby enacted pursuant to the authority contained in Article VII, Section 1(c)(1) of the Constitution of the Salt River Pima-Maricopa Indian Community ratified by the Tribe, February 28, 1990, and approved by the Secretary of the Interior, March 19, 1990, and amended by the Tribe, February 27, 1996, and approved by the Secretary April 23, 1996, the foregoing Ordinance was adopted this 18th day of November, 2020, in a duly called meeting held by the Community Council in Salt River, Arizona at which a quorum of 8 members were present by a vote of 8 for; 0 opposed, 0 abstentions, and 2 excused.
